Provision for doubtful debts : Provision for doubtful debts represents the estimated loss value of receivables that are likely to be unpaid by customers for receivables at the time of preparing financial statements,

4, Principles of recording and depreciating fixed assets:

4,1 Principles of recording tangible and intangible fixed assets

Fixed assets are recorded at original cost, During use, fixed assets are recorded at original cost, accumulated depreciation and residual value,

Depreciation method for tangible fixed assets and intangible fixed assets: Depreciation is calculated using the straight-line method, Depreciation time is estimated in accordance with Circular No, 45/2013/QD-BTC dated April 25, 2013 :

- Houses and structures	05 - 35 years
- Machinery and equipment	03 - 15 years
- Means of transport	05 - 08 years
- Management equipment	03 years
- Perennial	03 years

5, Principles for recording prepaid expenses:

Prepaid expenses include actual expenses that have been incurred but are related to the results of production and business activities of many accounting periods, The Company's prepaid expenses are mainly expenses for renting offices, tools and equipment, and expenses for repairing fixed assets, These prepaid expenses are allocated over the prepaid period,

6, Principles of recognition and capitalization of borrowing costs,

Borrowing costs are recorded in production and business expenses in the period when incurred, except for borrowing costs directly related to the investment in construction or production of unfinished assets which are included in the value of that asset (capitalized), including loan interest and additional costs incurred in connection with the borrowing process,

7, Principles for recording trade payables and other payables

Trade payables, other payables, loans at the reporting date, if:

- Payment terms of less than 1 year are classified as Current Debt,
- Payment terms over 1 year are classified as Long-term Debt,

8, Principles and methods of revenue recognition,

Sales revenue is recognized when all of the following conditions are met:

- The significant risks and rewards of ownership of the goods have been transferred to the buyer;
- The Company no longer holds the right to manage the goods as the owner of the goods or the right to control the goods;
- Revenue is measured with relative certainty;
- The Company has obtained or will obtain economic benefits associated with the sale transaction;
- Identify the costs associated with a sales transaction,

Financial revenue: Revenue arising from interest and other financial revenue is recognized when both (2) of the following conditions are satisfied:

- It is probable that the economic benefits associated with the transaction will flow to the entity;
- Revenue is determined with relative certainty,

9, Principles and methods of recording financial expenses,

Expenses recorded in financial expenses include:

- Short-term and long-term interest expenses,
- Exchange rate differences are assessed according to Circular 179/2012/TT-BTC dated October 24, 2012 regulating the recognition, assessment and handling of exchange rate differences in enterprises,

The above amounts are recorded according to the amount incurred during the period, not offset against financial revenue,

10, Principles for recording current corporate income tax expenses and other taxes,

Current corporate income tax expense, deferred corporate income tax expense,

- Current corporate income tax expense is determined on the basis of taxable income and corporate income tax rate in the current year,
- The determination of corporate income tax expense is based on current tax regulations, However, these regulations change from time to time and the final determination of corporate income tax depends on the results of the examination by the competent tax authority,
- Deferred corporate income tax expense is determined on the basis of deductible temporary differences, taxable temporary differences and corporate income tax rates,

Value Added Tax

VAT is declared and accounted for using the deduction method, The VAT rate applicable to electricity production and construction activities is 10%, For liquidation and sale of materials, the VAT rate is 10%, The Company declares and pays other taxes according to current regulations of the State,
